## [RADICAL INNOVATION IN MO-NO-DU-KU-RI]

<http://www.ciss.u-tokyo.ac.jp/>

### Aiming Innovation in MO-NO-DU-KU-RI

#### High performance simulation software drastically changes engineering

Center for Research on Innovative Simulation Software (CISS) was found to conduct R&D on the advanced and practical computational science simulation software utilizing hyper-large-scale simulations represented by "Kei" for the next hyper-simulation era. We aim at

- ◆ Conducting world-leading advanced research on hyper-large-scale simulation software
- ◆ Strengthening the educational foundation to educate how to make and use hyper-simulation software for industrial application
- ◆ Putting R&D results in common industrial use to enhance global competitiveness of domestic engineering

#### Digital Engineering
