

# International Center for Urban Safety Engineering (ICUS) [Towards a Development of Sustainable Urban Systems]

Institute of Industrial Science

Urban Safety & Disaster Mitigation | Environment Informatics | Social Infrastructure Management

<http://icus.iis.u-tokyo.ac.jp>

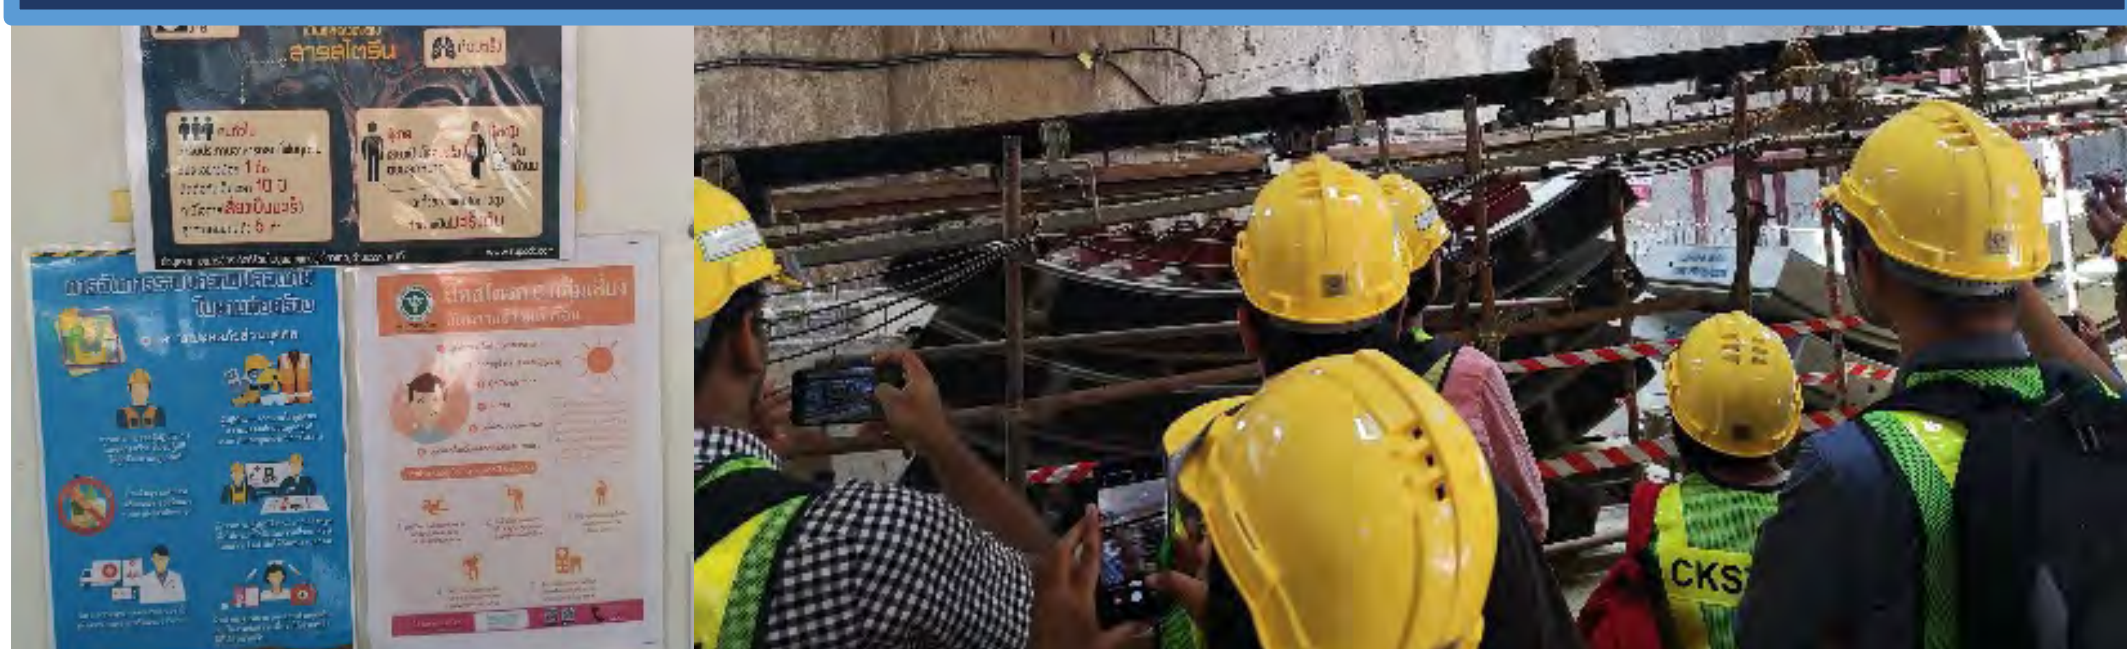

<http://www.ait.ac.th>

## RNUS@AIT, Thailand

Regional Network Office for Urban Safety

Prof. Warnitchai, Pennug

- STUDENT SEMINAR
- International Symposium USMCA2021

<http://www.buet.ac.bd>

## BNUS@BUET, Bangladesh

Bangladesh Network Office for Urban Safety

Prof. Mehedi Ahmed Ansary

- BNUS REPORT

## Urban safety & Disaster Mitigation

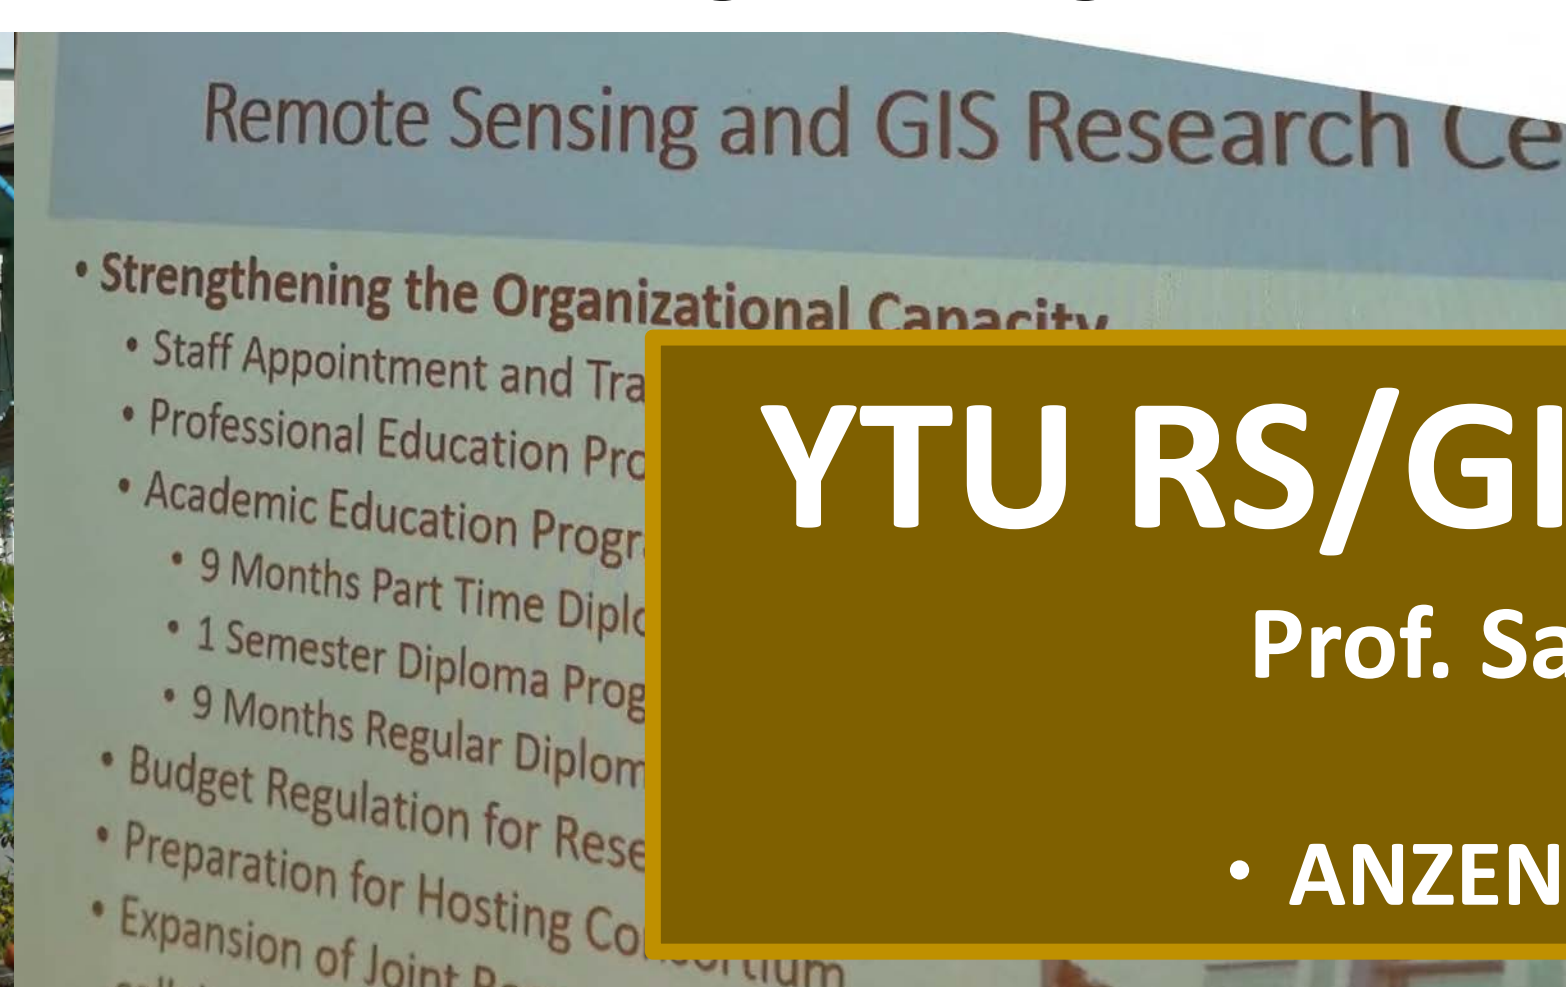

- Survey of disaster recovery construction activities in damaged areas due to the 2011 Great East Japan Earthquake  
Toward development of a proper plan of recovery construction  
after future gigantic Nankai Trough Earthquake and Tsunami disaster  
: Prof. K. Meguro
- Urban Planning and Engineering for Social Safety System : Prof. T. Kato
- Importance of Coordination between Related Organizations at Emergency Operation : Visiting Prof. T. Ito
- Disaster Management Training Center, DMTC : Assoc. Prof. M. Numada
- Study of self-governance and regeneration of public space called Back Drainage Space in Yangon, Myanmar  
: Project researcher T. Matsushita

## Social Infrastructure Management

- Long-term Behaviour and Maintenance Management of Earth/Buried infrastructure : Prof. R. Kuwano
- International Expansion of Infrastructure Management Technologies : Assoc. Prof. K. Nagai
- Big Data Construction of Infrastructural Quantitative Information : Assoc. Prof. T. Mizutani

## Environment informatics

- Monitoring global environment changes and disasters : Prof. W. Takeuchi
- Mathematical Engineering for Urban Environmental Systems : Assoc. Prof. Y. Honma

<http://www.Ytu.edu.mm>

## YTU RS/GIS Center@YTU, Myanmar

Prof. Sao Hone Pha, Prof. Kyaw Zaya Htun

- ANZEN SATREPS
- SGU
- JICAproject
