

# MATSUHISA LAB.

## [Skin-like Soft Electronic Materials]

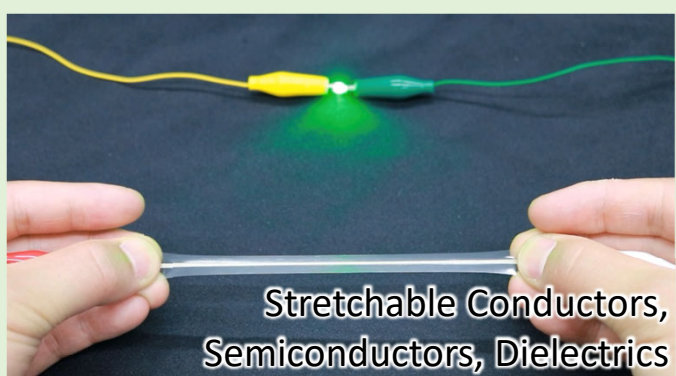

Department of Informatics and Electronics

Interactive Electronic Devices

Department of Electrical Engineering and Information Systems

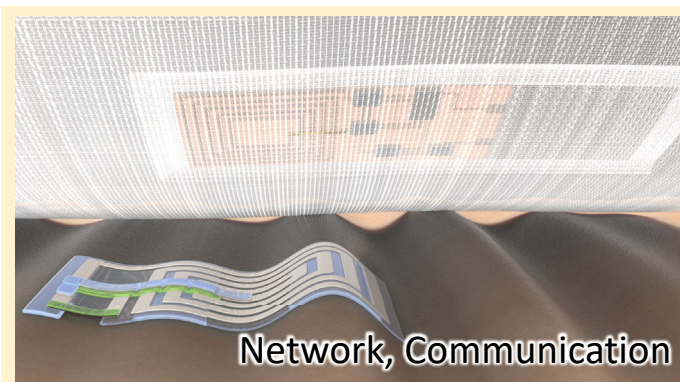

<https://www.naojimatsuhisa.com/>

### Reconstructing Electronics by Soft Electronic Materials

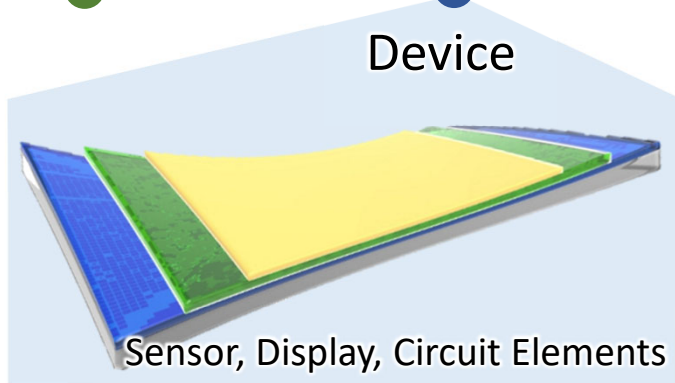

Stretchable Conductors,  
Semiconductors, Dielectrics

Material

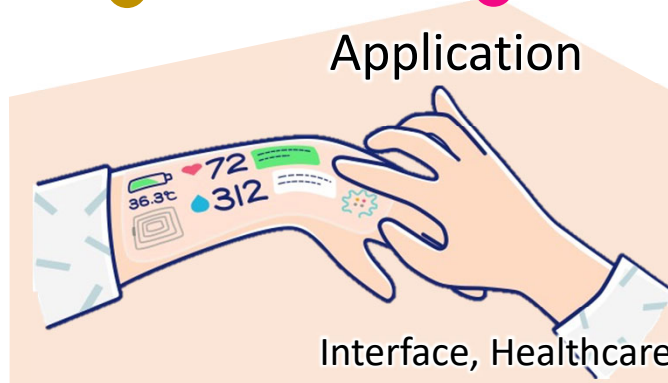

Network, Communication

System

Device

Sensor, Display, Circuit Elements

Application

Interface, Healthcare

### Seamless integration of soft electronics with human

Next-Generation Wearables

Electronic Skins for Robots
