

S N G GROUP

The Scientists for the Next Generation !

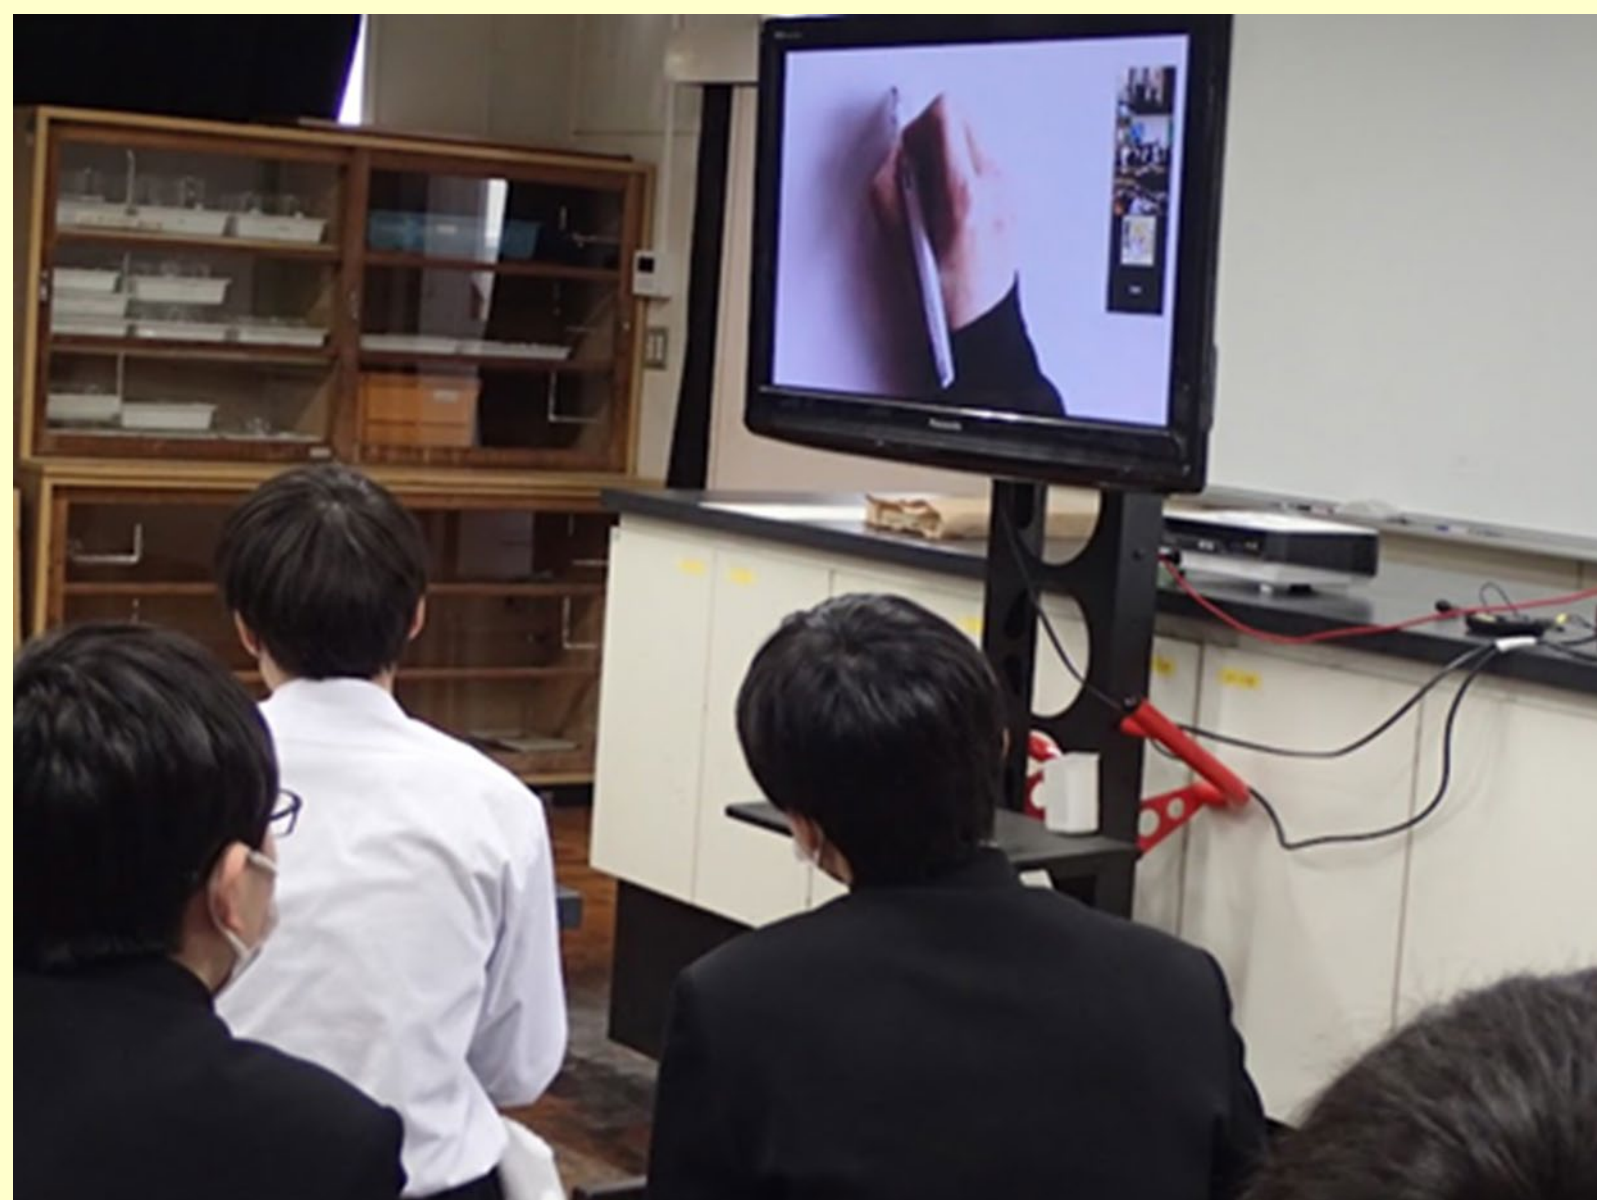

<http://sng.iis.u-tokyo.ac.jp>

What's "S N G" ?

"The **S**cientist for the **N**ext **G**eneration !" is a program designed by the **O**ffice for the **N**ext **G**eneration (**ONG**) at the IIS.

Aim : Promotion of interest and awareness of science and technology among the younger generation

School Outreach Program

- ◆ The IIS faculty and staff members visit several schools and interact with the students.

Classes and laboratory tours at IIS for junior and senior high school students were cancelled last year due to COVID-19
This year we conducted an online laboratory tour.

Open House of KOMABA Research Campus for Junior and High School Students

We made an interesting map for Junior and High School Students.

At Komaba Campus

- ◆ Open House at the IIS, in which special programs are held online for **junior and high school students**.

- ◆ The number of participants (Year)
